"From Crayons to College"

Class of 2009

Class of 2009

SCHOOL PROFILE 2009-2010

FROM CRAYONS TO COLLEGE: Universal School provides classes from preschool through 12th grade. During the last school year, there were over 326 students in the preschool and elementary level and 348 in the middle and high school, totaling 664 students. The spacious 70,000 square foot modern facility allows a maximum of 700 students. At the current rate of growth, we anticipate reaching this number in a few short years. Our graduates have been accepted into Harvard University, Yale University, Cornell University, University of Chicago, Northwestern University, Washington St Louis Medical Program, Wesleyan University in Connecticut, I.I.T. Dual acceptance Medical, DePaul University, Loyola University Honors Program, University of Illinois at Chicago Honors Program, University of Illinois at Urbana and other accredited institutions. Last year's graduates received a total of over 2 million in academic scholarships.

THE BOARD OF DIRECTORS: Universal School is governed by a well-diversified, group of Muslim professionals who are not only active in the school, but in the community at large. There are nine members, eight men and one woman. These individuals who volunteer their time oversee the basic functions of the school.

ACCREDITATION: Since 1992, Universal has been recognized by the State of Illinois Board of Education and in 2004, Universal School also received accreditation from the very prestigious North Central Association for Accreditation. Universal School is also recognized nationally as a leading Islamic school by the Islamic Society of North America, Islamic Circle of North America, American Muslim Council, Dar-ul-Islam Inc., and Council on American Islamic relations, among others.

BUDGET: The annual budget of Universal sums over 3,300,000.00. Seventy-five percent of this amount is collected through tuition, the remainder is provided through grants and fund raising efforts.

ENROLLMENT: Universal's 664 students and their parents are from various cultural and economic backgrounds. Over 63% of parents of students come from twenty different Arab countries, 15% represent the Indian subcontinent, 12% are African Americans and 10% from other nationalities.

CURRICULUM AND ACHIEVEMENT: The elementary level adheres to an accelerated academic program that leads the students in the high school level to our college preparatory program offering Advanced Placement and Honors classes. Our elementary school students, on average, performed better than 77% of all the students nationally, when compared to students in other private and parochial schools in grades 2nd through 8th, on the Iowa Test of Basic Skills.

Our high school students' scores averaged from 23.0 to 24.1% for the last four years on nationally conducted achievement tests such as the SAT and ACT, with the score of 34 out of 36 as the highest ACT score, and a perfect 800 out of 800 on the SAT subject test score obtained this past year by Universal Students. This is well above the national average of 21.1 and State average of 20.5.

THE FACILITY: The spacious 70,000 square foot modern facility includes thirty-six classrooms; a state of the art, fully equipped science lab; two computer labs; one journalism lab; library-media center; a cafeteria with a full service kitchen; an inside regulation size basketball court; playing field; and a playground.

THE FACULTY/STAFF: The school is home to sixty dedicated faculty and staff members. The Principal and Administrative Team hold Master's Degrees in Education and Administration. All teachers of core subjects are certified in their respective fields where certification is offered. Over forty percent have earned at least one Master's Degree in an education-related field, the remaining have Bachelor's Degrees. One high school teacher has a Ph.D. in curricular development. Several elementary and high school teachers have been chosen annually, as Who's Who among U.S. teachers. Over 50% of the elementary faculty graduated with honors from their respective alma mater. The elementary and high school teachers have an average of nine years teaching experience behind them.

DISTINCT AWARDS:

TAKING THE LEAD: Universal is known as the pioneer in taking bold steps toward establishing and refining North America's Islamic school movement. Some of our unique endeavors include: establishing an Arabic as a second language curriculum including original textbooks and materials; creating and utilizing an Islamic Studies curriculum as well as textbooks for the elementary grades; participants of the Tarbiyah Project, a national Islamic character education program; 12-page, independent student newspaper, The Constellation; joining an official IHSA private high school basketball conference; initiating and hosting a volleyball tournament for girls involving other Muslim schools in the area, a wrestling program where students participated and won at the regional level, track and field team for boys and girls (Islamic dress code worn through special permission) has participated in the State Sectional Meet for the past eight years, and several students competed on the state level.

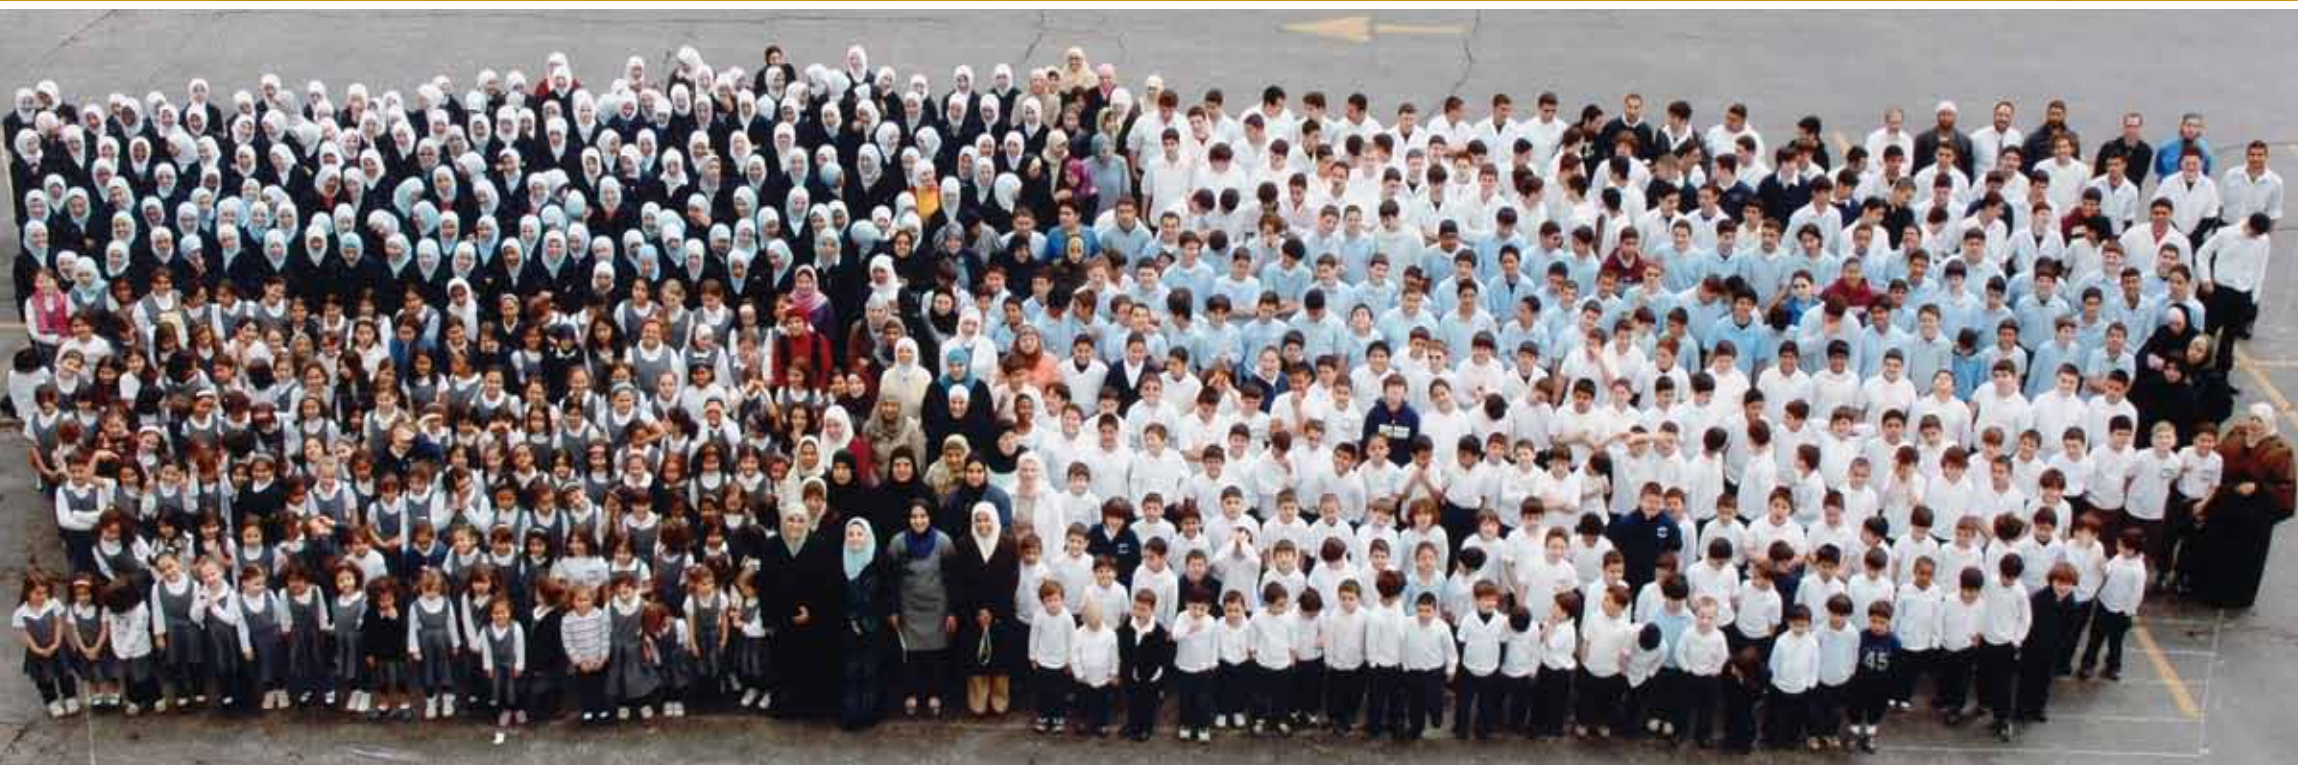

LOCATION: Nestled in the southwest suburbs of Chicago, Universal School draws students from the entire Chicago land area with a significant number living up to an hour's drive away.

IMPACT ON COMMUNITY: Since its inception, Universal School has played a dynamic and significant role in the community. Many school programs involve the students in community services, such as feeding the indigent, visiting nursing homes, participating in activities at homeless shelters and sponsorship of orphaned children. Universal students publish their own 12-page student newspaper three times a year, and have an online newspaper as well. The first high school chapter of IMAN (Inner-city Muslim Action Network) was established at Universal in which students actively work in the community to help those in need.
